

Revised Operational COVID Guidelines for Casino and Gaming Areas

This guidance is intended to assist Calvert County residents, business owners, workers and visitors at this moment in time. Our guiding principles are as follows:

Marylanders should continue to practice physical distancing.

Marylanders should continue to wear face coverings or masks in indoor public places, and outdoors when physical distancing is not possible.

As vaccines become available, every eligible person should get inoculated to speed our community's return to normal.

It is important that all of our actions in the near future are consistent with these guiding principles:

- » Staff and guests must wear face coverings.
- » Provide signage and queues for guests indicating proper social distancing and proper hand washing, including restrooms.
- » All gaming tables must be spaced 9 feet apart along all sides.
- » No more than 6 persons can be seated at a table.
- » Gaming machines must be spaced 6 feet apart to maintain proper social distancing between guests.
- » An EPA registered disinfectant is available to properly clean any high contact surfaces.
- » Provide hand sanitizer for guests and all hand washing stations are readily available.
- » Ventilation and HVAC systems are functioning as designed.
- » Implement symptom screening for staff prior to entering the building. These records will be maintained for 30 days.
- » Assigned staff are designated to monitor social distancing and face covering requirements among guests.
- » All food service areas should follow the guidelines for restaurants and bars.
- » Develop a response plan for staff to follow should a staff member be exposed to COVID-19 or test positive for COVID-19.

**Requirements may change at any point contingent on health necessities or new directives from the Governor's Office.*
